Approval of Minutes

The minutes of the last meeting on January 13 were approved as distributed.

President's Announcements

President Hundert announced changes in the Office of University Relations and Development with Mr. Derek Bellin's departure from the university. The office will be split into the two basic functions of development (fundraising) and university relations (public relations, government relations, community relations, etc.). Lara Kalafatis has been appointed as Vice President for University Relations, a person whom President Hundert noted is the national benchmark, proving her national level capabilities in those areas most recently in heading the Vice Presidential Debate. While we conduct a national search for the development side, Lisa Marshall is serving in an interim leadership capacity. Dr. Hundert also noted that he has begun weekly lunchtime conversations with faculty at the Severance Case Club on Wednesdays from 12:30 - 1:30 p.m., and he encouraged faculty from across the university to come and meet him and one another over lunch each Wednesday.

Report of the Committee on Women Faculty

Chair Sharona Hoffman made the recommendation that the report on Resource Equity and the University Climate and Community Survey should be redistributed to deans and the university community. She distributed three summary reports of surveys. After a brief discussion, it was suggested that the summaries be distributed at the next Faculty Senate meeting.

The committee was also ready to present its recommendations for revising the Partner Hiring Policy. Professor Hoffman noted that the original policy approved last year was intended to cover retention of current faculty. These changes presented now, and approved by the Office of Counsel, are intended to clarify that intent.

Professor David Singer asked for the opportunity to compare the original policy with these suggested changes. After some discussion on various points, some of which were not part of the change proposal before this committee, the MOTION to Adopt Policy Revisions on Partner Hiring was approved unanimously to go to the Faculty Senate at its next meeting, in a text which

clearly indicated the present and new wording.

Provost's Announcements

John Anderson announced that the university will now include the conflict of interest form, which faculty are expected to sign annually with their contract letters.

He noted the university's upcoming accreditation team visit and the self-study efforts which Don Feke has been leading. He suggested that each person read the self-study as there is

The meeting was adjourned at 10 a.m. due to the time and without getting to the remaining agenda items on Joint Faculty Appointments and approval of the Senate agenda. Both items were addressed in follow-up e-mails with the agenda being approved as modified according to votes at this meeting, and the Joint Faculty appointments proposal was passed along to the Faculty Personnel Committee for further study and their recommendation.
