Department/Program:

Academic Policy on Leave of Absence from Graduate Study

The request must not exceed two consecutive academic semesters. In exceptional circumstances, a leave can be extended for another two semesters. The maximum amount of leave permitted per graduate program is four semesters. A leave of absence does not extend the maximum time permitted for the completion of degree requirements, and a leave cannot be taken while students are on extension of the five-year time limit.

Maternity, paternity or military obligations do not count toward the five-year time limit for degree completion. The length of the extension caused by maternity, paternity or military leave of absence may not exceed two years.

If requesting a medical leave of absence, please provide additional documentation from your health care provider.
